Roxbury. Aug. 9. 1845.

My dear Sir,

Returning from a fortnight's absence, I have found on my table your Committee's Protest against American Slavery. You may affix my name to it. I subscribe to it with great satisfaction. There are <sup>perhaps</sup> two or three expressions, not exactly as I would have them, but that would be the case with any document. On the whole it is very good, & very unexceptionable. And I am glad of an opportunity of taking ground so decisively, without committing myself to any measures, which I may not approve.

Yours very truly  
Geo. Putnam.

Rev C. Peterson.
